SUMMARY OF DISCUSSION

- The Committee reviewed a summary of the DCHI Committee meetings held in December and the DCHI Board meeting held on January 13.
- The Committee Chair provided a recap of the December Workforce and Education Committee meeting and reviewed milestones achieved by the Committee in 2015.
- The Committee Chair provided an overview of a presentation made to the Behavioral Health Task Force on January 7 regarding the alignment of SIM workforce development and behavioral health integration initiatives with the goals of the Task Force.

- The Committee reviewed its existing charter to determine its continued applicability to Committee efforts.
 - Specific attention was given to the appropriate level of detail to include and whether to update existing timelines.
 - The Committee discussed whether metrics related to participation levels in workforce re-training should be adjusted to reflect that certain providers and/or systems already have their own initiatives underway.
- The Committee reviewed feedback on the current draft outline of the Workforce Capacity Planning Consensus Paper.
 - Potential outcomes to be addressed in the consensus paper include patient satisfaction, timing and provider enrollment.
- The Committee discussed development of metrics for the DCHI program dashboard and specifically developing both short and long term metrics.
 - Particular items of discussion included examining the healthcare workforce in its entirety to measure progress, considering those healthcare roles/positions not yet established, querying existing systems to capture relevant information, and addressing geographic and regional considerations.

NEXT STEPS

- Finalize dashboard metrics with detailed specifications and set goals for each.
- Distribute licensing and credentialing stakeholder survey and review responses.
